Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

The double house at 506-508 Maryland Avenue is situated in the Rolling Mill district, an area that has been determined to be eligible for inclusion in the National Register of Historic Places. A mid-nineteenth century transitional Federal/Greek Revival house, 506-508 Maryland Avenue was included in the survey to determine the eligibility of the district for the National Register. Its condition was described as being in marked contrast with its grand neighbor at 502 Maryland Avenue, the Martin residence.

The 1976 nomination form refers to the structure as "seriously threatened by neglect. The double house at 506-508, although it has the potential to be restored as a fine transitional Federal/Greek Revival house, has unstable, leaning parapet walls, poor roof covering, and climbing ivy destroying the brick which is the characteristic soft, nineteenth century brick found in this area." A serious fire in 1999 further compromised the structural integrity of the building.
